DETAILED ACTION

Response to Arguments

Applicant's arguments with respect to claims 1, 37, 42-44 and 61-63 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 102 or § 103

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 42-44 and 61-63 are rejected under 35 U.S.C. 102(b) as anticipated by Burkoth et al. (WO 98/23228) as cited in Applicant's IDS. Burkoth et al. discloses a stent (11) comprising: a coating of a therapeutic substance (p 7, lines 8-23) and a polymer (p 13, lines 3-14), deposited on the surface (22).

Claims 1 and 37 are rejected under 35 U.S.C. 102(b) as anticipated by Fischell et al. (5,695,516). Fischell et al. discloses a prosthesis comprising a structure, struts (14) and a coating (col. 3, lines 16-28).

Even though product-by-process claims are limited by and defined by the process, determination of patentability is based on the product itself. The patentability of a product does not depend on its method of production.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
